PARAS CHAUHAN

MCA Student | Web Developer |

paraspratapsingh067@gmail.com • https://www.linkedin.com/in/paras-chauhan-726ba9301 • Ghaziabad

Summary

Frontend Developer (Fresher) skilled in **HTML, CSS, JavaScript, React.js**, and **TypeScript**. Strong understanding of responsive design, clean UI, and Git-based workflows. Also familiar with **Java** and **C++**, bringing solid problem-solving skills. Eager to build real-world web applications and grow as a full-stack developer.

Education

IMS Engineering College	Ghaziabad
Master Of Computer Application	2024 - Present

MJPRU	Bareilly
Bachelor Of Science	2020 - 2023

Skills

Languages: HTML5, CSS3, JavaScript, c/c++, Java

Frameworks / Libraries: ReactJs, ReactRouter, Tailwind CSS

Tools: Git, Github, vs code

Concepts: OOP, DOM Manipulation

Projects

FoodRush (Swiggy Clone).– Online Food Delivery Web App

Developed a fully responsive **online food delivery web app** using **React.js**, **JavaScript**, **Tailwind CSS**, and **React Router**, with integration of **live REST APIs** to display real-time restaurant and menu data. Implemented dynamic routing, state management, and cart functionality for a seamless user experience. Focused on clean component architecture and mobile-first design to ensure performance and usability.

- Used **React Router** for client-side routing and dynamic URLs

- Integrated **real-time APIs** for fetching restaurants and menus

- Designed fully **responsive UI** with **Tailwind CSS**

- Implemented **Add to Cart**, Search, and Restaurant Detail features

- Emphasized code reusability, modular structure, and UI consistency

Tech Stack: React.js, JavaScript, Tailwind CSS, React Router, REST API

Weather App

A weather forecast application that provides real-time data
- Created a responsive weather forecast application that fetches real-time weather data using the OpenWeatherMap API
- Integrated user input handling and dynamic DOM updates based on API responses
- Displayed temperature, humidity, wind speed, and weather icons based on selected city
- Focused on clean code, error handling, and responsive layout for all devices

Certification

Javascript Workshop, Softpro India & Dr. APJ Abdul Kalam Technical University – Dec 2024
